Placements

When a fencer's placement is blank, their placement is unknown.

SF - was eliminated in a semi-final pool when the format was rounds of pools.

Rn - was eliminated in Round "n" when the format was rounds of pools.

w/d - withdrew (e.g., injury)

Tm - fenced in a team event that year but not in the individual championship.

The Placements shown were obtained from various sources such as the NCAA competition results, public and school newspaper articles about the championships, championship programs, etc. In many cases these sources had conflicting placements for the fencers and so the one that seemed most likely was accepted. As a result, placments lower than the top three or so should be treated with some suspicion.

No NCAA fencing championships were held from 1943 to 1946 because of WW II and reconstruction nor in 2020 because of the coronavirus pandemic. For 2020, the 24 finalists in each weapon qualified before the championships were canceled. Since the final round was not fenced, the fencers did not earn placements but the coaches awarded them First Team (FT), Second Team (ST), and Honorable Mention (HM) All-American designations based on their season record.
