

## U.S. Fencing Div I Team Champions and Div I, Jr, Cdt Individual Medalists by Name

For the individual events, the names of the top three placements are shown if known. For some of the early championships and some of the 3-weapon individual events, only the top two placements were determined.

For the team events, only the names of the members of the first place team are shown because for many of the years, the members of the lower placing teams are not known. Even for the gold medal winning team, results sometimes showed only the fencers who competed in the final match and so the reserve fencer is not known.
